

Walking Guide

Healthy, active living is encouraged on campus. A lot of people walk, bike, or take a bus to get to places on campus. The most common way to move around campus is by foot. Not only do you get your steps in by walking, but you also get to enjoy the landscapes and building architecture around campus.

Tips to Stay Indoors in the 'Gopher Way' Tunnel and Skyway

- Navigate your way from one building to another by using the Gopher Way signs and maps.
- Plan your route with this map.
- Routes can change to different floors within the same building or pass through uncommon areas.
- Allow for a little extra time to get to your destination.
- If you get to a locked door, try your U Card.
- For first-time Gopher Way users, consider a dry run before you need to use the route!
- Most tunnels and skyways are open Monday through Friday from 8 a.m. to 4:30 p.m. (Some tunnels/skyways are restricted; this is posted at tunnel/skyway entrances).
- Location of security cameras and disability access can vary.

Note: If you see broken or missing Gopher Way signs, please email the location to pts@umn.edu.
